Matt Riesterer Joins Jersey Jack Pinball

Matt Riesterer of [Back Alley Creations](#) has joined the Jersey Jack Pinball team as a modeling artist. Matt has been a customer/friend of Jersey Jack Guarnieri for many years and has created many high-end custom after market items for pinball machines. Matt has been exclusively contracted to do the toys and models for the upcoming Wizard of Oz pinball as well as for future JJP games. "Matt's amazing work is a result of his talent, dedication and passion and I'm truly happy he has joined us in our efforts to create the best games possible," said Jersey Jack. Matt will use his exceptional talent to focus on the details of the Emerald City Limited Edition game.

"This is an awesome dream come true for me. I could think of no other person who I would rather do this with than Jack. He has assembled an amazing team of people and being part of this is an honor!" exclaimed Matt.

The Wizard of Oz Pinball Machine will incorporate many new design elements that will need to be created and sculpted. Matt's creativity and experience along with input from other members of the Jersey Jack Pinball Team will insure that this game and other games to follow, will be unique in design and attention to detail. They are all working to create something very special.

About Us

Veteran arcade industry figure Jack Guarnieri has been in the amusement industry since 1975 when he began by servicing electro-mechanical pinball machines. Since then he has been involved in all sides of the industry, from developing amusement centers, to residential sales, to manufacturing.

Jack is the President and CEO of Elaut USA, Inc. which operates thousands of amusement games and related attractions nationwide in major Amusement and Theme Parks, (www.elautusa.com). Jack founded PinballSales.com in 1999 which boasts over 12,000 loyal customers.

Jersey Jack Pinball, Inc. is a separate company from Elaut USA, Inc. and it was founded because of a need that Jack saw in the industry for premium, no-compromise pinball machines. Games
